Sir,

As directed Municipal Budgets of the Provinces are herewith submitted.

Educational, medical &
Charitable institutions
of the town in lieu of
Police charges, from
which it was relieved
in the year 1883.

My dear Sir

The object of the proposed Rules is to define the relations of Munl. Board & Police dept in the matter of Munl. Police.

The Police dept shd be responsible for crime This would necessitate the Police dept having the management of the organisation, equipment & discipline.

The Munl. Board may make

demand that the Police should not be employed in any duty unconnected with the Municipality since the duties of the Police have been defined. The Police Act should not increase or decrease the Municipal Police Force without consulting the Board. This is provided for in Rule 2. The Municipal Board should allot the necessary amount for the maintenance of the Police Force & can only

demand that the allotment is not exceeded. The internal management of the Police Force should be left to the Police Dept. Some of the Rules simply relate to details regarding the mode of conducting business

There seems to be some misapprehension in regard to the object of the proposed Rules. The scheme of Local Self Govt referred to by the Rajpeepla Dewan Comm^r rather

referred (as in the case of Wanganui) the Municipal Board of any borough within the Police District. And other charges such as Education, Hospitals &c so forth were handed over to Municipals.

It would be an improvement if such dissatisfactions to make over the Police to Municipals & make them responsible for crime.

The Police is an organised force & likely to improve in discipline & efficiency under forced depot. control, whereas under

under Mamls they will speedily deteriorate.

I should be glad to see the rules framed in them entirely subject to revision hereafter when necessary Mamls should stand in their relations to their Police somewhat like Govt. but if Govt officers gradually began to interfere the most results would follow. Both in the case of Mamls

Mamls have a right to respect

respect that the Police shall protect their interests in preserving peace, protection of property, sanitary rules &c. we they can demand efficiency or in other words respect that the money spent on the Police is well spent

Believe me

Yours very truly

S Whitelaw

The unsanitary condition of the town of Shenoga and the urgent necessity of remedial measures have engaged the attention of the Government The Municipality of Shenoga is not financially in a position to undertake all the works required out of Municipal funds - The Board have often brought to notice that the cost of the Town Police is a heavy burden upon their resources and that its transfer to Provincial Funds would place them in a better position to attend to works of ~~sanitation~~ sanitary improvements

which are urgently
called for in the interests
of public health.

After full consi-

To,

The Chief Secretary to the
Mysore Government.

No. 1595/323. Dated Bangalore 7th November 1889.

Sir,

I have the honor to bring to your notice that the issue of clothing annually to the Municipal Police has not been very regular. The Municipalities of the District Head Quarter and other Towns, and the Municipality of the Mysore Town complain that they cannot afford to pay for the clothing of the Municipal Police. In 1888 the Town Police of Mysore was only supplied with Serge Coats as the amount provided by the Municipality was not sufficient to meet the cost of black dyed drill

trowsers.

trowsers. The Town Policemen were thus made to wear new Serge Coats with old trowsers. When one portion of the clothing is renewed, and worn along with the old ones, how untidy the men would look can be easily imagined. It was the same case with the Shimoga Town Police, but the recent orders of Government Conveyed in Proceedings No. 661-2 dated 19th Ultimo has relieved the Shimoga Town Municipality of the entire cost of the Town Police. It is very essential that the Police of the District Head Quarter and other towns should be decently dressed, otherwise they are not likely to Command regard. This interferes with their efficiency and mars their usefulness. It is therefore very important for an efficient Police Administration that particular attention should be paid to dress, and discipline of the Police Force. In this view, I beg that the Local Government will be pleased to relieve the overburdened Municipal Funds of the cost of clothing of the Mun[illegible]

+ stone received in N'd Quarters. B.R.

Municipal Police and to sanction the same being paid out of the Police Budget.

Another thing which the Municipality has neglected is the construction of Stations and repairs to be executed annually to them. A reference on the subject to the Local Government has been made on behalf of the Municipality of Kolar in this office No. 1483/296 dated 22d. ultimo, which is pending orders. I beg that the Municipality may be relieved of the cost of repairs to and construction of Police Stations in all the District Head Quarter and other Towns where there are Municipalities.—

Application for gratuity on behalf of Siva Govind Hassan Town Municipal peon.

Returned with enclosures. The applicant's Service from 21st November 1876, to 21st March 1888 having been rendered in the Municipal Police, enquires whether he was wholly paid from Municipal funds, and if the Deputy Commissioner is prepared to accept a proportionate share of the gratuity payable to the Hassan Town municipality.

Sir,

In returning the Comptroller's Memo No. 368 of the 14th June last, with application for gratuity on behalf

of

of Siva Govind 2d. class Duffedar of the Hassan Municipality received with your docket No. 565/47 of 22d. idem, I have the honor to state that the pay of the applicant from 21st. November 1876, to 21st. March 1888, was wholly paid from Municipal funds.

2. The Police force of the largest Municipality in the Province namely, Bangalore, is now being paid from Provincial funds under Proceedings of the Government No. 219-22/67 dated 26th. May 1883. Such a relief to minor Municipalities appears quite in the spirit of the Policy above indicated. The Municipality of Hassan pays for its Police and it can ill-afford to disburse large sums towards gratuities to Policemen of advanced age told off to work within the Municipality about whose entertainment it has no voice. But if proportionate contribution towards the gratuity in question is insisted upon, the Municipality will not object to pay the same.

3. As the applicant has been out of employment since 21st. March 1888, I request that pending formal Sanction of Government, early orders may be passed for the advance of gratuity to the applicant.—

His Memo No. 368 dated 14th June 1889.

In reply, has the honor to inform him that no provision is made in the Municipal Budget for the payment of pension or gratuity to retired servants. Several pension and gratuity applications were received on behalf of men of the Mysore Town and other Municipalities retired from Service and yet Contribution towards their pension or gratuity has not hither to been claimed. The Deputy Commissioner reports that the Hassan Municipality cannot afford to pay such charges. Requests therefore that the amount of gratuity due to Siva Govind late 2d Class Duffedar of the Hassan Town may be made payable from Provincial Funds.

The applicant's Services from 21st November 1876 to 21st March 1888 were wholly paid from the Hassan Municipality. —

Comptroller of Mysore.

To,

The Inspector General of Police
in Mysore.

Sir,

With reference to your letter No. 1573/301 dated 28th October 1889, I have the honor to state that in the case of those Police officers who have rendered service partly under the Government and partly under the Mysore Town Municipality, their pensions or gratuities are invariably charged according to rules of proportions. The officers of the Bangalore Town and Shimoga Town Police are entirely paid from Government revenues under orders of Government. In case of officers of other " Municipalities, the number of applications for pensions or gratuities received were few and even in these cases, the pensions or gratuities have been charged according to Rule of proportions. In some cases where the proportionate pension or gratuity payable by " Municipality was less than one fourth of the total

amount

amount of pension or gratuity the whole charge was debited, under Section 87 Rule 1 of the Civil Pension Code, to the Provincial funds. But in the case under notice as the applicant had rendered most of his service in the Hassan Town Municipality, the full amount of his gratuity should be debited to the Municipality under the above ruling. But if it is not able to meet the charge, orders of Government should be obtained.

I have &c.a.
